

# Willow Class Blog!

7.10.22

Willow class have been very busy sorting old and new toys and exploring the question, why do toys change over time?

They have been learning about the importance of the word God in R.E. and have learnt about the meaning behind the story of the Precious Pearl.

In science, we have been weather watchers! We have closely observed and monitored the changes in our British weather and have explored shadows on the playground and through making our own shadow puppets.

We look forward to sharing some images of our learning very soon!
